*Specialised Care for People
with Dementia*

I love visiting my wife at St Bernadette's. She is happy and well cared for and I feel very welcome.

Individual Approach

Our aim is to enhance the quality of life and safety of people with dementia. We take the time to learn about each individual – their likes and dislikes, past experiences, cultural preferences, interests, capabilities and needs. We consult with family members and tailor our services to meet each person's physical, social, spiritual, cultural and special needs.

Comfort and Peace of Mind

New private single rooms with ensuite facilities have been specially designed for residents with dementia. Each room is readily identifiable and has a dedicated area to display family photos and other valued momentos. Families are encouraged to assist the resident to decorate their room with familiar, personal items.

Dedicated Staff

All our staff are selected for their qualities, positive attitude and skills in caring for seniors with dementia. Consistent rostering of staff promotes familiar and trusting relationships with residents. We welcome suggestions and feedback from family members who are an important part of the caring team. In addition to 24 hour supervision by qualified nurses, we work closely with the resident's GP and facilitate access to other health services, such as podiatrists, dieticians, and physiotherapists.

Enjoyable, Nutritious Meals

Delicious, balanced, culturally appropriate and freshly prepared meals by our qualified chef cater for a variety of tastes, choices and special dietary requirements.

Friendship and Harmony

Trained staff coordinates stimulating lifestyle activities that reflect each resident's personal interests. Delightful enclosed garden and courtyard areas and a variety of comfortable lounges provide places for residents and their families to use and enjoy.

Spiritual and Pastoral Care

Our services are available to seniors of all cultural and religious backgrounds. Regular services are held in our chapel and we facilitate pastoral care.

We would welcome the opportunity to meet with you to discuss the special services we provide for people with dementia. We are happy to answer your questions and to show you around our community at St Bernadette's.
